Experience

Producer and Designer

PROJECT-BASED (NOV '24 - JAN, '25)

Make a Friend: Team of 4; Turn-Based RPG + Chat App

- Led early stage product design for games and software applications using agile methodologies.
- Integrated AI tools to enhance workflow and player experience.
- Collaborated with cross-functional teams to deliver intuitive, accessible UI/UX.

Producer and Designer

STEAM (JAN - JULY, '25)

Poly Plaza: Team of 2; Open World Landlord Simulator

- Managed the Backlog to release speedy and efficient updates
- Designed Systems for Stock Trading and Home Upgrades
- Wrote Quest Lines for player immersion
- Collaborated with External Vendors to incorporate extra functions for the players

Producer Intern

STEAM (JAN - MARCH)

Whimpy! Team of 5; Critter Collector, Multiplayer, Co-op Arena

- Strategize directly with CEO on project direction and prioritization
- Organize and coordinate structured game tests
- Support preparation and execution of Steam launch for a new online multiplayer title

Producer

STEAM (APR - JUNE, '26)

Cowboy Life Simulator Team of 17; Open World Cowboy Simulator

- Setup and oversaw a full migration of tasks from Jira to Clickup.
- Managed risk mitigation and adjusted priorities to meet tight Publisher deadlines.
- Facilitated outsourcing for Voice Actors.

Producer

STEAM (MAY '26 - PRESENT)

Abyssal Guardians: Team of 7; Friend Slop Tactical Dungeon Crawler

- Restructured the organization of tasks and scheduling around a 2 week cycle
- Manage outsourcing and freelance staffing to bring the best value to the project
- Onboard new interns and employees as the team grows
- Supporting the public reveal and the start of the marketing push for the game
